Committee Members:

I would like to add my support for this Bill SB 104.

The act of "Swatting" is not only a completely wrong act, but it can potentially endanger many lives. Swatting, is the act of calling in a false report of someone carrying a firearm in the act of doing nothing more than exercising their 2nd amendment rights. The targets of "swatting" are doing illegal yet a person calls police to get a response that will potentially endanger the targets life(lives) and those of the surrounding public. They do this because they do not believe in the rights of those who carry firearms to do so, and use this as a method to get attention in the media to support their cause. This is and should be considered illegal, and there should also be substantial penalties reporting what could be construed by police to be an act of "Terror."

Please add my support to this bill.
